KNOWLEDGE, TRUTH HONESTY

11 AUGUST 2017

From the Principal

CAMP

School camp begins Sunday and everyone is very excited for it. We leave school at 7am to arrive in Townsville at 1pm. From there we will join with Stonehenge State School and drive to Paluma for the Outdoor Education experience. This will be filled with information about sustainability and the environment while ensuring students all experience collaborative activities. Following Paluma, staff and students will travel to Launchzone where students will have fun at a trampolining centre. A Strand walk will follow with a sleepover at ReefHQ on Wednesday night. On Thursday, students will attend the Military Heritage Museum and the Tropical Museum of North Queensland. We will travel home on Friday and arrive back at the school by 2pm. This is a great experience for our students and we are thrilled to be able to offer this at St Lawrence.

2018 ENROLMENTS

St Lawrence State School is an excellent option for education and we welcome any enrolments for 2018. If you are seeking any information for 2018, please see our Parent Handbook on our website for all the information you need. Updates and information is available online at our school website or on our school Facebook page.

CHRISTMAS HAMPERS

St Lawrence State School P&C is calling on any donations from the community for our Christmas Hampers for the annual St Lawrence Christmas Fair. We are looking for any grocery items, Christmas presents or alcohol for a range of hampers we will be raffling off. Donations can be made to the school.

ATTENDANCE AWARDS

Every Day Counts at St Lawrence State School. This is something we have worked very hard to develop at St Lawrence. Well done to six of our students, Jake, Adam, Ryan, William, Alex and Khloe who have 100% attendance in term 3.

READING AWARDS

Reading every night is extremely important. The words you use, the ideas you discuss and the skills you practise make this a perfect opportunity to improve at school. Reading with your children also promotes a healthy interest in literature. Well done to William for reaching 175 nights of reading and Decklen for reaching 125 nights of reading in 2017.

CROQLAND

Students have been working on the Croqland art piece for a number of weeks and it is now complete. It will be mailed off to Walter Stahl who will add some finishing touches before making its way back to use to be displayed proudly in front of the school. Thank you to Mrs Dalglish for her efforts in helping the students create this St Lawrence masterpiece.
