Great Spellers Week 3 – Jonas, Adam & Rowan

Week 2 – Super Speller - Matt

**BE RESPONSIBLE**

- Be a problem solver
- Return equipment to appropriate place at the end of lunch
Our students have been completing some good work over the past couple of weeks. The teaching has been focused on the explicit instruction of key concepts. Explicit Instruction (EI) revolves around: “I do, we do & you do”. At the beginning, students take part in a mental warm-up and then listen to the teacher as they are lead through the WALT (We Are Learning To) and WILT (What I am Looking For). After this, the students remain silent as the main lesson content is delivered (I do). Then, students are guided through a number of activities and participate through answering questions or taking part in scaffolded activities (We do). Finally, students are given the opportunity to demonstrate that they have mastered the skill by completing an activity on their own (You do). We end the session back with the teacher guiding the group through a cool-down to reinforce the skill learnt.

It is anticipated that this process will help to focus students on their learning goal for each lesson and develop responsibility towards their own learning. Students who seek to distract themselves or others, are slow to get working or do not complete the set tasks will complete this work in their lunch times. Students who miss key lessons may also have to use part of their own time to catch up on what has been missed. The school bus must move on.

Congratulations to Matthew and Jonas in their effort at the recent Rockhampton District Sport Carnival. Together with the other boys from Marlborough District, they were able to win overall and aggregate points. Well done!

Tomorrow, Tuesday 5th August, St Lawrence State School will be having their school photos.
