Hi everyone,

It’s good to be back on home turf. Last week I spent four days at a Chaplaincy Conference with about 700 other chaplains from Queensland and the ACT which gave everyone great opportunities to exchange ideas and learn some new skills.

I hope you found the information that I sent home last week on Technology useful; I will send the next section of the booklet home tomorrow with the kids. Further to this, our Local Chaplaincy Committee (in Sarina) who arranged for Brad Huddleston to come from America and deliver the Technology workshops has kindly donated a DVD and a copy of Brad’s book “The Dark Side of Technology” for our school library. If you would like to borrow the book, please just send a message via your child or give me or the school a call and we will send it home for you to read. I am thinking of running an information evening for us to look at the DVD. More on this later; maybe you could let me know your availability and best evening of the week for an evening viewing.

Until next week,

Chappy Kari
